Subject: La Crosse Capx2020 project

Dear Stephanie,

I have just been informed of the Capx2020 project going through southeastern Minnesota. I have a good friend as well as sister & Brother in Law that live in the Valley near Houston Mn. This is one of the most scenic areas left in Minnesota & many of us feel that it needs to be preserved as such. A high Power transmission line-such as the one being proposed, would ruin it for all generations to come. Your help and attention in this matter is greatly appreciated.

Sincerely,
Tom Vrchota
